Train to safely respond to utility hazards.

Designed with first responders, for first responders.

As first responders, you are the first line of defense between utility-related hazards and the public. We are committed to continuously delivering the finest-quality utility safety training to keep you and your crews safe.

First Responder e-Learning Program

Our program consists of two courses of study:

- Natural Gas Safety Certification
- Electrical Safety Training Certification

Each program was designed to have multiple modules that are self-directed, interactive and instructive for safely identifying and responding to incidents.
