# Train to safely respond to utility hazards.

Designed with first responders, for first responders.

As first responders, you are the first line of defense between utility-related hazards and the public. We are committed to continuously delivering the finest-quality utility safety training to keep you and your crews safe.

## First Responder e-Learning Program

Train to safely respond to natural gas hazards with our comprehensive curriculum that is dynamic, easy to use and effective. Benefits include:

- free utility training with no restrictions
- self-paced coursework that accommodates busy schedules
- professional development to satisfy your in-service training requirements
- certificates of completion.
