

# First Responder Utility Safety Training Program

## Real-world, user-friendly training that can save precious minutes – and lives.

The thorough, no-nonsense curriculum was designed with the help of experienced fire chiefs, safety experts and first response instructors.

Take advantage of this fully remote learning opportunity. The course is modular, and can be done a step at a time, as your busy schedule permits.

Finish your training by completing all modules and earn a certificate to satisfy department in-service training requirements.

“This program represents a strong commitment by National Grid to provide critical information to first responders. The website is an interactive resource that equips first responders with electric and natural gas safety information that can make a real difference on the incident scene.”

**Brian P. Duggan**  
Veteran commander, Northampton and Northborough Fire Departments, Massachusetts

To report emergencies, call **911** and **National Grid** immediately.

Know what's below.  
**811** before you dig.
