

nationalgrid

It's almost 811 Day – Keep safe digging top of mind 365 days a year!

Protect yourself, your crew and your community from injuries and fatalities resulting from buried utility line contacts. 811 Day (on August 11th) has always been an excellent opportunity to keep safe digging top of mind, and a reminder to call 811 before you dig, any day of the year.

Visit National Grid's [e-SMARTworkers website](#) for safe practices, videos, case studies, training tools and state-specific tips for scheduling your 811 call. This website is a great resource to share with your crew to help train them properly on digging around natural gas pipelines and other buried utilities.

Massachusetts and Rhode Island:
Call 811 or 1-888-DIG-SAFE
(344-7233) | [digsafe.com](#)

**Metro New York, Long Island and
the Rockaways:**
Call 811 or 1-800-272-4480 |
[NewYork-811.com](#)
