

First Responder Utility Safety Training Program

Anything can happen. Here's how to be ready.

Give your crew the training they need to safely and confidently respond to natural gas or electrical-related hazards. The course is free. In an emergency, it could be priceless.

The course is modular, and can be done a step at a time, as your busy schedule permits.

Get started today!

1. **Register at firstresponder.ngridsafety.com.** Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.
2. **Complete all e-learning modules and receive a certificate of completion** that may serve to satisfy your department's utility safety training requirements.

Register today and complete your **FREE** e-learning at firstresponder.ngridsafety.com.

“Natural gas and electrical safety is an essential part of our training curriculum. National Grid's interactive training website is an outstanding resource for first responders. It not only provides the necessary information; it lays it all out in a concise self-study program that's easy to complete.”

Mark W. DiFronzo
Fire Chief, Upton Fire-EMS Department
Upton, Massachusetts

To report emergencies, call **911** and **National Grid** immediately.

Know what's below.
811 before you dig.
