First Responder Utility Safety Training Program

Make sure your team is up to any challenge.

Make sure they've got the training they need to safely and confidently respond to natural gas or electrical-related hazards. The course is free. In an emergency, it could be priceless.

The course is modular, and can be done a step at a time, as your busy schedule permits.

Get started today!

1. **Register at firstresponder.ngridsafety.com.** Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.
2. **Complete all e-learning modules and receive a certificate of completion** that may serve to satisfy your department's utility safety training requirements.

Register today and complete your **FREE** e-learning at firstresponder.ngridsafety.com.

“ This job requires continual study and learning to stay on top of every possible situation. National Grid's utility safety training provides the tools and the confidence to keep firefighters and others safe in natural gas and electrical emergencies. ”

Chief Instructor Robert Hughes
Nassau County Fire Service Academy
Old Bethpage, New York

To report emergencies, call **911** and **National Grid** immediately.

Know what's below.
