

First Responder Utility Safety Training Program

A single spark can be one too many.

Make sure you and your team are ready. Get the training you need to safely and confidently eliminate spark hazards around natural gas leaks.

First Responder e-Learning Program

The interactive e-learning environment is quick and easy to navigate, and gives you helpful tools to enrich your learning experience, including:

- Visual aids to provide context and increase understanding
- Interactive definitions of important terms
- Frequent knowledge checks
- Handy user notes
- Supplemental resources to reinforce the lesson material

Register now

Register today and complete your **FREE** e-learning training at firstresponder.ngridsafety.com.

“ This program represents a strong commitment by National Grid to provide critical information to first responders. The website is an interactive resource that equips first responders with electric and natural gas safety information that can make a real difference on the incident scene. ”

Brian P. Duggan

Veteran commander, Northampton and Northborough Fire Departments, Massachusetts

To report emergencies, call **911** and **National Grid** immediately. Always call **911** if you suspect a gas leak!

Know what's below.
