**August 11 is 811 Day.
Always use 811 before
you dig, any day of the year!**

Use 811 before you dig. It's the law! Dial 811 or make an online dig-ticket request. This FREE service will arrange for marking of buried natural gas lines and other utilities so that you can work a safe distance away from them. Every digging project requires 811 – even small or shallow jobs.

Visit ngridssafety.com for state-specific tips for scheduling your 811 call, along with safe practices, videos, case studies and training tools. This website is a great resource for training your crew to dig safely around natural gas pipelines and other buried utilities.
