## First Responder Utility Safety Training Program

**A single spark can be one too many.**

Keep yourself, your team and the public safe.  
Register and start your online training today at  
[firstresponder.ngridsafety.com](https://firstresponder.ngridsafety.com).

“ Natural gas and electrical safety is an essential part of our training curriculum. National Grid’s interactive training website is an outstanding resource for first responders. It not only provides the necessary information; it lays it all out in a concise self-study program that’s easy to complete. ”

Mark W. DiFronzo  
Fire Chief, Upton Fire-EMS Department  
Upton, Massachusetts

To report emergencies, **call 911** and National Grid immediately.

#### In case of gas emergencies:

**Massachusetts** 911 and 1-800-233-5325

#### New York

Long Island and the Rockaways: 911 and 1-800-490-0045

Metro New York: 911 and 1-718-643-4050

Upstate New York: 911 and 1-800-892-2345

#### In case of electric emergencies:

**Massachusetts** 911 and 1-800-465-1212

**Upstate New York** 911 and 1-800-867-5222

Make sure you and your team are ready. Get the training you need to safely and confidently eliminate spark hazards around natural gas leaks.

#### First Responder e-Learning Program

Our natural gas safety training certification gives you the information you need to safely identify and respond to incidents that involve natural gas pipelines and other natural gas facilities.

## Get started today!

1. Register at [firstresponder.ngridsafety.com](https://firstresponder.ngridsafety.com).

Point your phone's camera at or scan this code to visit **firstresponder.ngridsafety.com**.

Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.

2. Complete the course at your own pace, on your own schedule. Begin your utility safety training, one module at a time.
