

## First Responder Utility Safety Training Program

### Be ready for a natural gas emergency.

This interactive self-study program was designed with the help of experienced fire chiefs, safety experts and first responder instructors. Learn how to safely manage natural gas and electrical emergencies.

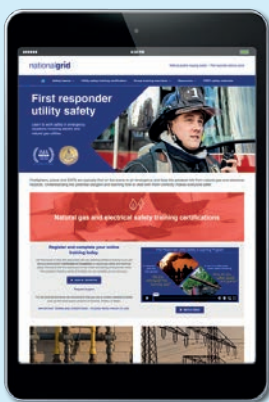

The course is modular, and can be done a step at a time, as your busy schedule permits.

### Get started today!

1. Register at [firstresponder.ngridsafety.com](https://firstresponder.ngridsafety.com). Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.
2. Complete all e-learning modules and receive a certificate of completion that may serve to satisfy your department's utility safety training requirements.

Comments we've received from local first responders who completed the course:

“Very informative and comprehensive course material in dealing with natural gas incidents and safety.”

“I thought that these modules were very informative on the natural gas safety procedures and operations.”

“Extremely helpful and useful information I can use on the job.”

To report emergencies, call 911 and National Grid immediately. Always call 911 if you suspect a gas leak!

In case of gas emergencies:

Long Island and the Rockaways:  
911 and 1-800-490-0045

Metro New York:  
911 and 1-718-643-4050

Upstate New York:  
911 and 1-800-892-2345

Massachusetts:  
911 and 1-800-233-5325

In case of electric emergencies:

Upstate New York:  
911 and 1-800-867-5222

Massachusetts:  
911 and 1-800-465-1212
