First Responder Utility Safety Training Program

**What do you need to know
about gas relief valves?**

Keep yourself, your team and the public safe.
Register and start the online courses today at
firstresponder.ngridsafety.com.

What are other first responders saying about the program?

“Excellent course. All first responders should take this program. Very comprehensive and easy to understand.”

“Highly informative and has helped me refresh my response to these types of incidents.”

To report emergencies, **call 911** and National Grid immediately.

In case of gas emergencies:

Massachusetts 911 and 1-800-233-5325

New York

Long Island and the Rockaways: 911 and 1-800-490-0045

Metro New York: 911 and 1-718-643-4050

Upstate New York: 911 and 1-800-892-2345

In case of electric emergencies:

Massachusetts 911 and 1-800-465-1212

Upstate New York 911 and 1-800-867-5222

Relief valves are an essential part of any natural gas distribution system. Your team needs to know what they are, how they work and what to do about them in an emergency.

First Responder e-Learning Program

The thorough, no-nonsense curriculum was designed with the help of experienced fire chiefs, safety experts and first response instructors. The course is modular, and can be done a step at a time, as your busy schedule permits.

Get started today!

1. Register at firstresponder.ngridsafety.com.

Point your phone's camera at or scan this code to visit firstresponder.ngridsafety.com.

Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.

2. **Complete the courses at your own pace, on your own schedule.** Begin the utility safety courses, one module at a time.
