# Train to safely respond to utility hazards.

## Designed with first responders, for first responders.

As first responders, you put yourselves on the line every day to protect lives and property. You are the first line of defense between utility-related hazards and the public. To keep you safe, we are committed to continuously delivering the finest-quality utility safety training.

## Latest Natural Gas Utility Safety Training:

**Group training exercises** provide first responders in-depth, discussion-based safety training using real-world natural gas utility-related scenarios, visual prompts and Q&A learning practices. Topics include:

- gas main leak with no ignition
- gas odor from an unknown source
- gas service leak with ignition
- residents overcome by carbon monoxide.

Keep yourself, your team and the public safe.
