

## First Responder Utility Safety Training Program

### Be ready when seconds count: Specialized training for natural gas incidents.

Learn how to effectively respond to incidents involving damaged gas lines, downed wires and other utility infrastructure.

Each course provides essential guidance on hazard awareness, response strategies and more.

Designed in modular format, these courses offer flexible training that fits into your busy schedule.

### Get started today!

1. Register at [firstresponder.ngridsafety.com](https://firstresponder.ngridsafety.com). Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.
2. Complete all e-learning modules and receive a certificate of completion that may serve to satisfy your department's utility safety training requirements.
