

nationalgrid

**On 8/11, let's
remember 811.**

Always contact 811
before digging.

Before you dig, use the 811 service – it's a legal requirement! Call 811 or request a dig ticket online. This free service ensures the marking of buried gas lines and utilities, keeping you safe during work, regardless of project size or depth.

For state-specific tips about scheduling your 811 calls, and to access safe practices, videos, case studies and training tools, visit ngridssafety.com. The website is an excellent resource to train your crew on safe digging around gas pipelines and buried utilities.

Massachusetts:

Call **811** or **1-888-DIG-SAFE**
