

Online Excavator Safety Course

Dig smart. Work safe.

Our FREE online Excavator Safety Course helps crews identify and avoid hazards when working near natural gas pipelines. It's full of real-world input from local professionals, making it practical, relevant and tailored to your team's daily work.

The course is self-paced and modular, allowing you to train at your convenience without disrupting your job.

Workers in Massachusetts can take the course for CSL CEU credit.

Start today to protect your crew.

1. Register at ngridssafety.com/utility-safety-course. Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.
2. Complete all e-learning modules and receive a certificate of completion to recognize your commitment to safe digging practices.

Note: This course is not part of New York's required Excavator Training offered by the state's one call centers.

Meet Bob Terjesen,
our damage prevention
professional and your guide
to safer (and funnier) digging.

To report emergencies, **call 911**
and **National Grid** immediately.
Always **call 911** if you suspect a
gas leak!

Smell Gas. Act Fast.

**Know what's below.
811 before you dig.**

In case of gas emergencies:

Long Island and the Rockaways:
911 and 1-800-490-0045

Metro New York:
911 and 1-718-643-4050

Upstate New York:
911 and 1-800-892-2345

Massachusetts:
911 and 1-800-233-5325

In case of electric emergencies:

Upstate New York:
911 and 1-800-867-5222

Massachusetts:
911 and 1-800-465-1212
