

A dramatic night scene showing the silhouettes of several firefighters in full protective gear. They are positioned in the foreground, looking towards a massive fire that is consuming a structure in the background. Thick, billowing smoke rises from the fire, partially obscuring the sky. The scene is illuminated by the intense orange and yellow light of the flames. A large, stylized blue and yellow arrow graphic points from the top left towards the right, framing the text on the right side of the image.
