## Online Excavator Safety Course

### Protect your crew. Prevent incidents.

The free online course helps you and your team stay safe when working near natural gas pipelines by teaching you how to identify and avoid hazards before they happen.

Created with input from local experts, this course offers practical guidance that you and your team can implement right away.

With its flexible, self-paced format, you can learn without disrupting your workday.

**Workers in Massachusetts can take the course for CSL CEU credit.**

### Start today to protect your crew.

1. Register at [ngridssafety.com/utility-safety-course](https://ngridssafety.com/utility-safety-course). Once you create your user ID and password, you'll be able to access all the e-learning modules and resources.
2. Complete all e-learning modules and receive a certificate of completion to recognize your commitment to safe digging practices.

*Note: This course is not part of New York's required Excavator Training offered by the state's one call centers.*

**Meet Bob Terjesen,**  
our damage prevention  
professional and your guide  
to safer (and funnier) digging.

To report emergencies, **call 911** and **National Grid** immediately. Always **call 911** if you suspect a gas leak!

**Smell Gas. Act Fast.**

**Know what's below.  
811 before you dig.**

In case of gas emergencies:

Long Island and the Rockaways:  
**911 and 1-800-490-0045**

Metro New York:  
**911 and 1-718-643-4050**

Upstate New York:  
**911 and 1-800-892-2345**

Massachusetts:  
**911 and 1-800-233-5325**

In case of electric emergencies:

Upstate New York:  
**911 and 1-800-867-5222**

Massachusetts:  
**911 and 1-800-465-1212**
